St. Louis, July, 1870.—James a. Jacebon & Co.: Gentlemen.—As you have communicated to the medical profession the recipe of the "Home Bitters," it cannot, therefore, be considered as a secret or patent medicine, no patent having been taken for it. We have examined the formula for making the "Home Bitters," and unhesitatingly say the combination is one of rare excellence, all the articles used in its composition are the best of the class to which they belong, being highly Tonic, Stimulant, Stomachic, Carminative and slightly Laxsive. The mode of prepareing them is strictly in accordance with the range of pharmacy. Having used them, seen its effect in our private practice, we take piecesure in recommending them to all persons desirous of taking Bitters, as being the best Tunic and Stimulant now offered to the public L.CH, Bornlanz, M.
